

SIA VMF LATVIA list of services and tariffs from 01.01.2027.

SERVICES	Description of service	Tariff EUR (not included VAT)					
		Day h (6-22)	Night h (22-6)	Holidays h	m3	unit	km
1. Individual measurement							
1.1. Individual measurement with automatic device, stationary place	VMF KR P 004.10	31.60	40.20	50.60	0.02		
1.2. Individual measurement with automatic device, mobile place	VMF KR P 004.10	35.20	43.60	52.00	0.02		
1.3. Individual measurement with hand tools, by demand	VMF KR P 004.13	42.60	63.90	85.20	0.02		
2. Stack measurement							
2.1. Stack measurement, stationary place	VMF KR P 004.14	32.90	42.40	51.90	0.02		
2.2. Stack measurement, by demand**	VMF KR P 004.14	40.00	59.00	79.00	0.02		
2.3. Stack measurement, port terminals	VMF KR P 004.14	34.60	43.90	53.30	0.02		
2.4. Stack measurement - outgoing wood	VMF KR P 004.14	33.00	49.00	65.00	0.02		
2.4.1. Additional tariff for stack measuring, according to BIOMETRIA authorized pulpwood measuring and quality determination requirements *****					0.02		
2.5.1. Stack measurement, photo method	VMF KR P 004.16				0.32		
2.5.2. Stack measurement, photo method (accelerated preparation of Measurement Report)	VMF KR P 004.16				0.42		
2.6.1. Stack measurement with automatic device (wood chips)	VMF KR P 004.19				0.29		
2.6.2. Stack measurement with automatic device (round wood)	VMF KR P 004.19				0.29		
2.7. Chips fractionation **	VMF KR P 004.14	31.00	46.00	62.00			
2.8. Stack measurement using drone photogrammetry***	VMF KR P 004.20	230.00					
3. Measurement system control of round wood harvesting equipment		50.00					
4. Additional services							
4.1. Extra calibration of automatic measuring device	VMF KR P 004.10	50.00					
4.2. Initial testing and calibration of the automatic measuring device						3000.00 (one device)	
4.3. Wood chips sampling and preparing for testing	VMF KR P 004.14	34.00	50.50	67.00			
4.4. Determination of moisture content (1 sample)	VMF KR P 004.14					12.00	
4.5. Determination of ash content (1 sample) *	VMF KR P 004.14					50.00	
4.6. Determination of calorific value (1 sample) *	VMF KR P 004.14					75.00	
4.7. Determination of bulk density (1 sample)*	VMF KR P 004.14					35.00	
4.8. Fractional distribution (1 sample)*	VMF KR P 004.14					45.00	
4.9. Determination of CHNS content (1 sample)*						70.00	
4.10. Dry matter content (1 sample)*						12.00	
4.11. Size distribution (1 sample)*						35.00	
4.12. Determination of bark content (1 sample) *	VMF KR P 004.14					40.00	
4.13. Sample reception on weekends, holidays or outside laboratory working hours*		35.00					
4.14. Round wood control measurements	VMF KR P 004.14	34.00	50.50	67.00			
4.15. Draft survey (1 vessel) *						till 710.00	
4.16. Measurement Report preparation when determining volume with automatic measuring devices****	VMF KR P 004.17				0.03	250.00 (per 1 device monthly)	
4.17. Re-measurement of volume	VMF PR P 8.4.01.03					350.00-400.00	
4.18. Consultation		60.00					
4.19. Preparation of manual Measurement Report		50.00					
4.20. Driving to measurement place (driving time and km)		22.00					0.50
4.21. Additional work not related to measurement and quality determination					0.01		

* The cost of the service depends on the price list of the subcontractor's services, which it determines individually, and which must be taken into account when calculating the total cost

** If it is not included in basic service

***The service is applicable together with 4.19. service

****Agreeing on the payment terms (per m3 or per device) during the contract period

*****The service is applicable together with 2.4. service
